Thank you for choosing our office for your dental needs. We realize that every person's financial situation is different. For this reason, we have worked hard to provide a variety of payment options to help you receive the dental care you need and deserve that allows you to enjoy a healthy, beautiful smile with respect to your budget. Dental treatment is an excellent investment in an individual's medical and psychological well being. Financial considerations should not be an obstacle to obtaining this important, life-enhancing care. We are always available to answer your questions or assist you in any way we can.

Financial Policy:

Patients without dental insurance: All of our fees are due and payable at the time treatment is rendered. **Please keep in mind this office does not "carry" balances or take "payments". If you cannot pay for your services in full, please use a credit card or apply for outside financing in advance.**

Patients with dental insurance: **Payment of all known deductibles, co-payments and non-covered services will be requested in full at the time service is rendered.** We will file the necessary forms to help you receive the full benefits of your coverage; however, **we can make no guarantee of any estimated coverage or payment.** Because the insurance policy is an agreement between you and your insurance company, we ask that all patients be responsible directly for all charges. **Any overpayments that are received by our office can be reimbursed to the patient at your request. Otherwise, the credit will be applied to your next visit.** Please know that we will do everything possible to see that you receive the full benefits of your policy.
